January 21, 2016

Mr. James Ashbaugh
P.E. Vice President Engineering
Pennsylvania General Energy Company, LLC
120 Market Street
Warren, PA 16365

Dear Mr. Ashbaugh:

EPA Region III Underground Injection Control (UIC) Program staff have completed their review of the completion report and attachments, submitted under EPA UIC permit PAS2D013BIND, for the injection of fluids produced in association with Pennsylvania General Energy's oil and gas production operations into the Marjorie C. Yanity 1025 well located Grant Township, Indiana County, Pennsylvania.

These completion reports are acceptable and this letter formally authorizes you to commence injection in accordance with the conditions stipulated in your permit.

Please let me know when you commence injection. If you should have any questions, please give me a call at 215-814-5469.

Sincerely,

A handwritten signature in black ink, which appears to read "James C. Bennett", is written over a horizontal line.
